PERSONAL PROJECTS:

- Bootstrap Based website for a Electrical shop
I have built this site using Bootstrap CSS framework with fully responsive for all devices. I have added a form with proper validation using Bootstrap form component and scroll spy on navbar using vanilla JavaScript.
Site Link: <https://timely-starburst-f9544f.netlify.app/>
- Tic Tac Toe Game with React.js
I have built a simple tic tac toe game using React.js. I have used useState and useEffect hook for this.
Site link: <https://golden-gecko-d8866a.netlify.app/>
- Ecommerce website front-end using React.js
I have built an Ecommerce Site with 100 products. The products data are fetched using dummy API from dummy data API site using axios package and useEffect hook. In this design I have implemented the features like sorting alphabetically or based on price and filtering based on category of the product. I also used the context API and useReducer Hook to manage the cart items. In this I have also used Ant design components.

OTHER WORK EXPERIENCE:

- **Showroom supervisor (Jan-2022 to Jan-2023)**
Parryware showroom, Tiruvannamalai.
 - There I learned to be a good listener to understand the customer needs.
 - I also learned to be a team player to improve the sales.
 - In there we maintain stocks without computers. It is a new experience for me.
 - After I joined, we started using excel for stock maintenance this helped us a lot.
- **Field Executive (Aug-2018 to May-2020)**
Senthil Andavar Transport Pvt Ltd, Chennai.

- There I learned to speak little bit of Hindi to communicate with truck drivers.
- I also learned to how the commission agent transport services work.
- In there I must meet new persons daily of different companies which is more challenging.
